HACKATHONS EXPERIENCE

IIT Gandhinagar - Amalthea X Hackathon (WorkZen HRMS)

Participant | Worked on HRMS platform "WorkZen"

- Built a full-stack HRMS prototype in a team, contributing to backend APIs, attendance tracking, and MongoDB integration.

HackXios - IIIT Bhopal

- Developed a scalable prototype under 36-hour constraints, focusing on real-world problem solving and rapid deployment.

LNMHacks 8.0 - LNMIIT Jaipur

- Built my first Web3/Blockchain-based project, implementing smart contract logic and decentralized architecture concepts.

Hack Innovate - Adani Institute of Digital Technology Management (AIDTM)

- Solved an Operations Research problem in Python for the first time, implementing optimization logic under industry-focused themes.

TechPreneur - IIT Jammu

- Designed and pitched a tech-driven solution combining product thinking with rapid prototyping in a competitive startup-style environment.
